Products

Directive 2003/98/EC and Directive 2013/37/EU mandate the re-use of Public Sector information.

"A world where knowledge creates power for the many, not the few. A world where data frees us — to make informed choices about how we live, what we buy and who gets our vote. A world where information and insights are accessible — and apparent — to everyone. This is the world we choose.", Open Knowledge Foundation

PARTNERSHIP

For transparent cities and engaged citizens

OpenDataStore is a platform. We are bringing the power of partnership to leverage full power of Open Data.

What

To either partners which want to extend their services portfolio by re-selling ODS or the ones which want to create smart applications.

To whom

While we want to promote value and principles of Open Knowledge Foundation and we need your help, too.
