Une politique « cadre de vie » avec des aménagements de qualité pour rompre avec l'intervention bon marché : projets de renouvellement urbain, avec attention aux espaces publics ; centre ville piéton ; augmenter la surface et la qualité des espaces verts ; actions contre les incivilités ; réduction de la vitesse en centre ville pour lutter contre la pollution ; programme d'habitat mixte et équilibré ; équipements qualitatifs et en nombre suffisant	1	2	3	4	
Une politique d'écobilité et d'intermodalité ambitieuse et transversale, pour désenclaver Saint-Fons et favoriser la mobilité pour tous : développement du covoiturage, des mobilités douces (vélo, marche), des transports en commun de haut niveau (TCL et train), et de l'intermodalité... avec notamment des aménagements cyclables de qualité, des services de transports efficace, et la mise en oeuvre de projets innovants.	1	2	3	4
